

Item number 221432

Post-OP dressing, ABENA, 10x15cm, white, sterile

- ✓ Absorbent
- ✓ Skin-friendly
- ✓ Breathable
- ✓ Flexible

Product Description

ABENA Post-OP dressing is made with a soft nonwoven backing with a skin-friendly acrylic adhesive. The soft polyester wound pad is absorbent and does not adhere to the wound. The bandage is soft and shapes itself according to the body's contours. The nonwoven backing allows the skin to breathe through the dressing. Used as a primary dressing for dry to slightly exuding wounds, such as cuts, scrapes and scab protection over sutured wounds.

Specifications

Base name	Post-OP dressing
Brand	ABENA
Color	White
Features	Sterile
Single or multiple use	Single use
Material	Nonwoven
Ingredients / Composition	Polypropylene, polyester, acrylic adhesive
Length/depth	10 cm
