### SHORT DESCRIPTION

OX-ON Earmuffs Bluetooth BT1 Comfort are robust earmuffs with Bluetooth, microphone, AUX input, integrated rechargeable battery and accessory USB cable. Unique dual headband that reduces the pressure to your head and a weight of just 353 grams, making these earmuffs incredibly light and comfortable to wear. OX-ON Earmuffs Bluetooth BT1 Comfort feature a ventilated inner band for increased breathability and great comfort. You have the option of adjusting the headband to your own personal fit and positioning the snap-in ear pads as desired. The smart 'quick click' system ensures that your settings remain locked in place while you work. OX-ON Earmuffs Bluetooth BT1 Comfort have an attenuation value (SNR value) of 29 dB. See the guide to choosing hearing protection with the right attenuation value.
